Subject: FLD 981 928 484 - Tank Inspection

Bheem,

LES is required by the operating permit to perform a formal inspection on (22) twenty two listed used oil tanks. The final inspection reports have to be submitted to the Department by June 30, 2013.

LES hired KB Inspections for this project. The field work was completed on

6/17/13. The final reports have been submitted to LES. However, in reviewing the inspection reports we have identified some discrepancies and asked KB Inspections to correct them.

By this email, we are asking to extend the deadline to submit the final reports until Monday, July 10, 2013.

Sincerely,

Yuri Turovsky
