Attachments: 2013 PFF Letter to State Summarizing PCB Activities.pdf

---

FYI.

When I talked to Kurt about sending this letter, I told him that the PCB storage needed to eventually be integrated into the Part B. If it does not happen sooner, their renewal is due December 10, 2014.

Please see the attached letter with description of PCB activities and map of the storage area.

Thanks,
Kurt

Kurt,

Don't forget the info I requested on May 2 about your PCB storage in the container storage area. Ensure the letter includes a map identifying the location where the PCB drums are stored. Call if you have questions.
