Bheem,

Thank you for your phone call and the letter you have forwarded. I have attached the email correspondence and the record of the meeting we had in the FDEP Jacksonville office in June of last year.

As I expressed earlier, the mobile tanks are proposed for the temporary storage of product. There will be no wastewater, used oil or PCW stored or processed in those tanks.

We are open for further discussion or a meeting if you find it helpful.

Thank you,
YT
