Hi Merlin,

Yes, and sorry for the delay.

The attached (pdf) file includes the revised Table 3 and Figure 8 to be inserted/ substituted into the Safety-Kleen, Medley RAP (August 2010). As I had mentioned, the only changes are substituting "<0.001" in place of the erroneous "<0.002" for certain groundwater analyses detection limits for vinyl chloride in February and May, 2010.

Thank you for your assistance in this regard.

Rick

Rick, is someone going to send the changes to me?

The Department of Environmental Protection values your feedback as a customer. DEP Secretary Michael W. Sole is committed to continuously assessing and improving the level and quality of services provided to you. Please take a few minutes to comment on the quality of service you received. Simply click on this link to the DEP Customer Survey. Thank you in advance for completing the survey.

Good Morning Rick,

Got your voicemail. Sure, if you want to send .pdfs of the changes, I can insert the updates for you. Not a problem.
