Subject: Compliance Inspection - Mulberry Facility
Date: Thursday, October 05, 2017 9:04:00 AM

Dear Mr. Solis:

I am following up on my inspection of Raider's Mulberry facility on August 24th. I understand that Kevin McCarthy is currently on vacation, and was hoping that you could provide me with a complete copy of two hazardous waste manifests.

The first, number 014862211 JJK was for a shipment of waste from the Royal Caribbean Majesty, FLR000078022. The copy in Kevin's files did not have a legible name or EPA identification number for the next transporter, although it was signed – I believe this was a Freehold Cartage driver.

The second, 014862188 JJK was for a shipment of waste from the Norwegian Cruise Lines Navigator, FLR000220921 on either 5/18/17 or 5/13/17. This manifest copy on file did not include the second page, where Raider turned the shipment over to the third transporter.

Once I receive these items, I should be able to complete my report.

Thank you,
