TO: Mike Kaiser

There will not be additional comments regarding closure costs. The revised detailed closure cost estimate for $191,017.30 submitted by David L. Leggett, P.E., signed, sealed, and dated February 16, 2011 for Taft Recycling, Inc. – TS/MRF and Waste Tire Processing Facility shown in Response to Comment 6a (Response to First RAI dated February 17, 2011) is approved by the Department.

We will be sending a 2nd RAI to formally state that now is the time to provide the financial assurance mechanism for $191,017.30.

Tom Lubozynski

Subject: Financial Assurance - Taft Transfer and Material Recovery Facility

Mr. Lubozynski:

I am prepared to request a closure certificate increase for our Taft Transfer and

Material Recovery Facility in the amount of $191,017.30. This is the amount provided in the February 17, 2011 request for additional information (RAI) we submitted related to the 5-year permit renewal application. I first wanted to check with your Department to see if there are additional comments regarding the losure costs forthcoming in another RAI.

Thanks,

Mike Kaiser
