Mr. Tim Bahr  
Hazardous Waste Regulation Section  
Florida Dept. of Environmental Protection  
M.S. 4560  
2600 Blair Stone Road  
Tallahassee, FL 32399-2400

Subject: Unmanifested Waste Report for Waste Received;  
Perma-Fix of Orlando, Inc.;  
10100 Rocket Blvd., Orlando, Florida 32824  
EPA ID No. FLD 980 559 728

Dear Mr. Bahr:

As discussed between Tom Luboczynski of FDEP Central District and Victor San Agustin in our office, this submittal shall serve as the unmanifested waste report required under 40 CFR 264.76. The following information is provided in accordance with 40 CFR 264.76(a):

1) Facility That Received Waste: Perma-Fix of Orlando, Inc. (PFO)  
10100 Rocket Blvd.  
Orlando, FL 32824  
EPA ID Number FLD 980 559 728

2) Date Facility Received Waste: August 2, 2006

3) Generator of Waste: Fort Myers Collision Center  
12490 Metro Parkway  
Ft. Myers, FL 33912  
EPA ID No. FLR 000 070 177

Transporter of Waste: Freehold Cartage  
175 Bartow Municipal Airport  
Bartow, FL 33830  
EPA ID No. NJD 054 126 164

4) Description and Quantity of Waste Received:

1 – 55 gallon drum described as "Non-Hazardous Waste Oil, AO46619"

5) Method of Treatment, Storage, Disposal:

Waste is currently in storage at PFO awaiting the generator's instructions for waste disposition. Current expectations are that the waste will be shipped offsite as a hazardous waste to a RCRA-permitted facility for fuel blending.

6) Explanation Why Waste Was Unmanifested:

The waste was transported to PFO under a non-hazardous waste manifest as "NON-HAZARDOUS WASTE OIL". Upon sampling and testing for total halogen content, it was determined that PFO must presume the waste was a hazardous waste pursuant to 40 CFR 279.44(c). Because this presumption has not been rebutted by the generator under 40 CFR 279.44, and because it has been more than 15 days since (PFO) determined the waste had a total halogen content above 1,000 ppm and notified the generator of this fact, this report is being submitted to comply with 40 CFR 264.76(a).

7) Certification

As required under 40 CFR 264.76(a), I certify that based on my inquiry of the persons involved in preparing this report, all of the above information is true and correct to the best of my knowledge.

If you have any questions, please do not hesitate to call me or Victor San Agustin at 407/859-4441.

Sincerely,

**Perma-Fix of Orlando, Inc.**

Mike Avery  
Acting General Manager
