Thank you Christian. I observed the same on the 6/3/2019 manifest as well. Please ensure all future manifests have the facility's EPA ID number. When you have your next bulk shipment of used oil taken by the transporter, please provide that manifest with the EPA ID number to show the facility has incorporated this.

Thanks again,

Regards,

Yes, I noticed that as well. EMC has updated their records accordingly to reflect our EPAID on all future manifests.

Good afternoon,

Yes, we actually had this service completed yesterday. We hired EMC Oil Corporation this time around.

I have attached the manifest for your records. Please let me know if you have any questions.

Good Afternoon,

Has another shipment of used oil occurred at your facility from TG Oil Services since 6/3/2019? If so, can you provide that manifest?

Thank you and hope all is well.

Mr. Ramos,

Have the five (5) 55-gallon used oil drum observed during the inspection been transported off-site? If so, please send the manifest.

Subject: Re: Exit Interview - Chem Klean

Mr. Stark,

It was our pleasure to assist the Department with their Compliance Evaluation Inspection of our facility. Please see below acknowledgments:

1. **Notification**: During the inspection, the inspectors observed five (5) 55-gallon drums of used oil. These aforementioned drums were closed, labeled and within secondary as required by 40 CFR 279.45. However, the aforementioned drums have been on-site for more than 24 hours (since 5/6/2019) which means the facility is acting as a transfer facility of used oil. Upon review of the facility's notification, it appears the facility is not registered as a transfer facility for used oil. Pursuant to 62-710.500(1)(a) F.A.C. a facility shall register their used oil activities. Please renotify as a transfer facility of used oil. Formed was filled out and sent to TLH via Email and FedEx overnight. Yes, form was updated and sent to TLH via email AND hard copy was overnighted on May 29, 2019.
2. **Documents:** Please send the waste profiles for the non-haz waster drums observed on-site. The Ink, waste water, rinse water, and for the Formalin (manifest # 57295). Attached.
3. **Answers to the pending questions:** You are not required to notify the local authorities and have a closure cost estimate as a transfer facility for used oil. Thank you for the

confirmation.

4. **Pictures:** I have received the pictures of the trucks. Thanks again. Thank you for the confirmation on receipt of the photos.

If you have any questions or require additional information, please feel free to contact me. Thank you!

Kind Regards,

Christian Ramos | **Account Manager**

Subject: Exit Interview - Chem Klean

Mr. Ramos,

Thank you again for taking the time to assist the Department inspectors with the Compliance Evaluation Inspection (CEI) of Chem Klean Corporation on May 29, 2019. During the inspection the following issues were identified(most of them discussed yesterday):

1. **Notification**: During the inspection, the inspectors observed five (5) 55-gallon drums of used oil. These aforementioned drums were closed, labeled and within secondary as required by 40 CFR 279.45. However, the aforementioned drums have been on-site for more than 24 hours (since 5/6/2019) which means the facility is acting as a transfer facility of used oil. Upon review of the facility's notification, it appears the facility is not registered as a transfer facility for used oil. Pursuant to 62-710.500(1)(a) F.A.C. a facility shall register their used oil activities. Please renotify as a transfer facility of used oil. Formed was filled out and sent to TLH via Email and FedEx overnight.

2. **Documents:** Please send the waste profiles for the non-haz waster drums observed on-site. The Ink, waste water, rinse water, and for the Formalin (manifest # 57295).

3. **Answers to the pending questions:** You are not required to notify the local authorities and have a closure cost estimate as a transfer facility for used oil.

4. **Pictures:** I have received the pictures of the trucks. Thanks again.

Please submit the above corrective actions, and records within **14 days** of this email (6/13/2019). If you have any additional questions or concerns, you may contact me at this email address or the below phone number.

Thank you Mr. Ramos and your staff for your hospitality during the Departments CEI.
