Used Oil Processing Facility Permit modification

Dear Mr. Parkes:

The Florida Department of Environmental Protection (Department) has received your permit application dated February 12, 2007 and subsequent submittal dated March 16, 2007 to modify your Used Oil Processing Facility, Tampa, Florida.

The review of the permit application indicates that it is incomplete. Please provide the information requested in the enclosed summary. In preparing your response, the Department recommends that you identify each comment followed by your response and also provide your revised pages of the application. The revised pages are to be include the new revision date.

Further action on processing your application is temporarily held in abeyance pending receipt of your complete response. Please submit three copies of your written response within 30 days of receipt of this notice. If you cannot submit this information within 30 days, you must formally request an extension and provide a schedule, with dates, indicating when this information will be submitted.

Notice of Deficiency

1. **Attachment 3:** Please specify the tank numbers on the map with tank capacity and provide a revised Tank Table. The tank numbers on the map must match with the Tank Table. Please also provide an 8 ½" x 11" drawing for the tank area identifying all tanks to be attached in the permit.

2. **Cost Estimate:** By adding two new tanks you are adding 50,000 gallons to the system. It seems the closure cost estimate provided for 12 tanks is not adequate. Please review and revise the cost estimate as appropriate.
