Mike,
Your request for a time extension is granted.
Thank you,

Subject: Second Extension Request to Respond to RAI-JED 5-year Permit Renewal Application

Kim:

In follow-up to our telephone conversation this morning, please accept this e-mail as a written request to extend the RAI response submittal a second time for our JED facility 5-year permit renewal. I would appreciate an additional 7-days to finalize the financial assurance cost estimates to include the purchase details for offsite soils and other minor revisions I noticed in further review of the last approved estimate. We would be ready to submit on or before February 6th. I appreciate your patience with extension requests.

Thanks,

Mike Kaiser
