**Subject:** Notification of Fire Incident - JED Solid Waste Management Facility
**Date:** Tuesday, December 04, 2012 11:38:38 AM

---

Kim and Gloria:

This morning when our operations crew arrived at our JED facility at approximately 4:30 a.m. they discovered a small fire burning within the waste where disposal activities had ended the previous day. The Osceola County Fire Department was called as precautionary measure while our operations crew used heavy equipment, nearby cover soil and the water truck to extinguish the fire. They investigated the cause for fire and could not determine the ignition source. It was likely a hot source within one of the waste loads that came in the previous day. Feel free to call if you have any questions.

Thanks,

Mike Kaiser
