Map - Piping Detail.pdf

Hi Eric,
Please insert into OCULUS including the e-mails under permit application related documents.
The facility I.D : FLD 981 018 773

Thanks
Bheem

Good Morning Bheem

Attached are the most accurate maps that I found for our Davie Facility. If needed I can make changes/additions to them to show some areas in greater detail.

Thanks,
John

Hi Victor,

I have been working with Bheem and Anthony Tripp and they are OK with the application provided we make the changes that you noted:

1 . – TEI updated the closure plan to reflect the max drum storage in section 6.0 (attachment K)
2. – Maps are attached

3. – closure plan has revised cost estimates (attachment K)
4. – Financial Assurance is attached

Thank you,
John

Subject: TEI DAVIE (formally permafix) signature for solid waste permit

Good Morning John,

Below are my comments:

1. I saw one – 20 cubic yard rolloff for a max rolloff storage but I don't see any values for max drum storage or maximum storage time or description of types of solid waste materials. B.1. specifically requests these.
2. B.2., a site plan signed and sealed by a P.E. with specific details is not in the previous submission.
3. As part of B.6., Closure Plan, I did not see a closure cost estimate for the solid waste part of the facility. Closure cost should cover the cost of closing the maximum drums and and 1 rolloff of solid waste.
4. B.8., Financial Assurance documentation does not seem to be present in the previous submission.
5. New form says document B.1. to B.10. must be attached to the new form.

Unless Bheem Kothur allows you not to do so, I recommend resubmitting B.1. to B.10 to facilitate Bheem Kothur's review. Please email B. to B.10. to me for my review.

Any questions/concerns, please call or email. Thanks.

Hi John,

The new solid waste application form has requirements as shown in items B.1. to B.10. of the attached form.
I still need to check if items B.1. to B.10. were already part of the previous submission. I was planning to do this Tuesday January 15. Were you planning on attaching B.1. to B.10. to the new form? I suggest doing so.

I am currently working on another report due on Monday, January 14. Sorry for the delay.

Good Afternoon,

I am following up to make sure that you have everything that you need. The application (attachments C,D,E,F...) did not change from last year. The only change was the permit.

Is there anything else that you need?

John,

The attachment does not include the filled out, updated solid waste permit application. Could you please email it to me?

Victor

John,

A Purchase Order will work for us.
Please issue a P.O. number so we can put on the invoice.
Thanks.

Hi Victor,

That amount is fine. We can pay by check or PO.

Thank you,

John Wyluda

Good Afternoon Victor,

Thank you so much for your help earlier this year on our renewal application. The state has changed/updated the application that they wanted us to fill out and sign for the solid waste permit. What would it cost for you to sign and review this application on the last page?

Thank you,
John
