Gloria and Brad,

In accordance with our Operation Plans, we are notifying FDEP of a small leachate weep repair conducted on August 1, 2011. An area approximately 18' long x 2.5' long x 8" deep was excavated. As with other leachate weep repairs the area was backfilled with 3 feet of medium size granite (8 tons) and covered with 2 feet of clean fill dirt.

If you have any questions or need additional information please let me know.

Thanks,
Jennifer Stirk
