Date: Monday, November 14, 2011 6:04:00 PM

Mr. Smith,

As was discussed during the teleconference earlier today and requested in the attached e-mail, a 30-day extension is granted to submit a complete reply to the items in the Request for Additional Information document of September 20, 2011. While your intent is to submit your replies within a much shorter time frame, the 30-day period is being granted to provide sufficient time for any unexpected contingencies.

Anthony R. Tripp, Ph.D., P.E.

Subject: AERC.com | Mercury Recovery Facility Permit | FLD 984 262 782

Good Afternoon,

As discussed during our conference call regarding the comments and questions on the First Notice of Deficiencies letter, AERC is requesting an additional thirty (30) days to allow for completion of all modifications and/or additions to the outstanding permit application. As such, AERC intends to submit the updated renewal application on or before December 21st, 2011.

We appreciate your consideration and authorization of this request.

Once again, we appreciate your time earlier - your input was very helpful.

Sincerely,

Jeffery W. Smith, P.E.
