Goof Afternoon Jeff,

Your email found me but I cant say it found all that me well! I'm running on the edge of insanity! This past last week and a half has been extremely busy. I had one of my administrative personnel out last week due to illness and she's been helping me put the program together . Then month end snuck up on me so I'm in the middle of closing....on and on and on!

Please don't give up on me yet! I'm working diligently on this but I just keep getting overrun by other events. I hope to have something to you by the middle of next week if that's ok.

I'm doing my best to put the priority on this!

Hope all is well on your end!

Thanks,

Lee A. Morris

Good morning, Lee.

I hope this email finds you well.

It's my understanding that we haven't received any information from HOWCO in the wake of our September 17th meeting. How is your plan coming along?

Jeff

Please take a few minutes to share your comments on the service you received from the department by clicking on this link. DEP Customer Survey.

That's fine, Lee. I appreciate the attention you're giving to this matter.

Have a great weekend.

jeff

Hi Jeff,

It was a pleasure speaking with you earlier this week. I have no doubt that we can come to amicable solution to improve our Astor Facility and our relationship with the department. We have had many internal discussions with regards to the subject this week coming up with some improvements and continuing education solutions.

However, I really need some additional time to put this game plan together. This week has been extremely difficult finding the time to sit down and put this together the way I would like to present it. I really don't want to just slap something together half cocked just for the sake of submitting something to you.

With that said, I would like to respectfully request another week to get the plan in order and get it to you?

Thank you in advance for your consideration and understanding.

Have a nice weekend.

Regards,

Lee A. Morris
