Hello Marc,
We have received and reviewed your request for an additional time extension of 30 more days.
We can understand your concerns and constrains. Therefore, the time extension is approved. The due date to submit the complete responses to our comments are due on February 28, 2013.

If you have any questions with this approval, please let me know.

Sincerely,

Bheem r. Kothur, P.E., DEE

Dear Mr. Kothur

On behalf of Ricky's Oil Service, ECT requests a 30 day extension for submittal of response to comments to the FDEP comment letter dated October 25, 2012. Currently the response to comments is due January 27, 2013. ECT originally requested a 60 day extension to submit the response due the significant changes that have occurred at the facility however were granted only 30 days. We have made significant progress in addressing these comments but do not want to submit a partial or incomplete response that will require your staff to generate an additional comment letter for issues that we know we need to change in the complete submittal. Some of the reasons for the additional time include the holiday period, short staffing of personnel at Ricky's due to the flu and a change in management where Chris Ricci is no longer affiliated with the company. On this basis we humbly request an extension to February 28,2013. Please contact me if you have any questions. We appreciate your understanding in this matter.

Best Regards

Marc
