Date: Friday, October 22, 2021 12:43:00 PM

Good afternoom Mr. Lewis,

Please see the Return to Compliance Letter link in the email below.

Please advise that the pending records (below) shall be sent to the Department, once they are generated.

- A copy of a bill of lading given a serviced facility, if Very Small Quantity Generator (VSQG), for the pickup of lead contaminated filters and dust.
- A copy of a hazardous waste manifest to the second transporter or designated facility properly filled out.

Additionally, advise that the next time the Department inspects your facility again within a year or two, the Registered Hazardous Waste Transporters requirements will be pursued, thus recurring violations may result in enforcement action.

Thank you for all your assistance in this case.

Please take a few minutes to comment on the quality of service you received by completing the DEP Customer Survey.
