Mr. Kaiser,

This facility is part of the Orange County Interlocal Agreement and will need approved and funded Orange County 2011 estimates as part of this permit modification/ renewal with DEP. I don't know the status on the Orange County estimates, you may wish to hold off on the financial assurance update until you can get the Orange County 2011 approval. You may want to ask Orange County if they can expedite their review due to the DEP permitting status.

If you are keeping the same insurance policy and only updating the face amount a new Orange County "Notification and Agreement" is not necessary. If a new policy (or policy number) is issued a new form will be necessary.

Let me know if you have any questions.

TO: Mike Kaiser

Thank you for submitting the annual update to the previous financial assurance cost estimate for Taft Recycling and Transfer Facility. However, as mentioned in other correspondence, the actual closure cost estimate amount that will be used for 2011 is the approved cost estimate that was submitted as part of the permit renewal application. The Department has approved the detailed closure cost estimate for $191,017.30 submitted by David L. Leggett, P.E., signed, sealed, and dated February 16, 2011 for Taft Recycling, Inc. – TS/MRF and Waste Tire Processing Facility.
