Gloria and Brad,

In accordance with our Operation Plans, we are notifying FDEP of a small leachate weep repair conducted on June 13, 2011. An area approximately 10' wide x 12' long x 8" deep was excavated. As with other leachate weep repairs the area was backfilled with 4 feet of recycled concrete (equal to #57 stone) and covered with 4 feet of clean fill dirt.

If you have any questions or need additional information please let me know.

Thanks,
Jennifer Stirk
