Tom,

The purpose of this email is to notify FDEP that Volusia County Solid Waste is moving into Phase I Area 2 of the north class I landfill cell. In order to bring the northwest and southwest corners and west roadway to final grade we will need to operate with two working faces. This also allows us to deposit select waste in the Phase I Area 2 cell at a minimum of at least the first four feet above the liner system.

If you or your staff have any questions or need additional information please feel free to contact myself or Lenny Marion.

Thanks,
Jennifer Stirk
