Subject: Leachate Weep Repair at Tomoka Farms Road Landfill
Date: Thursday, March 29, 2012 10:25:06 AM

Gloria and Brad,

The purpose of this email is to notify FDEP per our Operations Plan of a leachate weep repair. On March 28, 2012, we repaired a leachate weep on the south side of the active class I cell approximately 150 feet east of the toe drain. An area approximately 18 feet in length, 4 feet wide, and 6 feet deep was excavated and back filled with 4 feet of rock (15 cubic yards) and 2 feet clean fill dirt (15 cubic yards).

If you have any questions please let me know.

Thanks,
Jennifer Stirk
