Mr. Kothur,

RE: Used Oil and Solid Waste Facility Permits
FLD 981 928 484
Permit Nos: 72815-HO-009 & 72815-SO-010

As engineers for Industrial Water Service, Inc. ("IWS"), we would like to request a time extension for response to the Department's "Notice of Deficiency" sent to IWS on November 29, 2007. We are requesting this extension so that we can further review the closure cost estimate and so that we can prepare a formal response to the Department's NOD. The proposed date for submitting our response to the NOD is January 14, 2008, which is an approximately 2-week extension to the current response date of December 29, 2007.

Also, in response to Comment No. 4 of the NOD, we will be attaching PDF'd copies of the site map and tank schedule for the IWS facility.

We hope that this will be adequate for requesting the time extension for the NOD response. Please feel free to contact me with any questions or comments.

Sincerely,
