RE: February 20th, 2008 Equipment Event

Dear Ms. Woehle,

Veolia ES Technical Solutions, L.L.C. (Veolia) is submitting this event report in accordance with the requirements of s. 40 CFR 264.56(i). The event occurred at Veolia's Tallahassee location and involved a small electrical fire in the control panel during the operation of what is known as Lamp Line One. The details are provided below.

Owner:

Veolia ES Technical Solutions, L.L.C.
700 East Butterfield Road
Lombard, IL 60148

Facility:

Veolia ES Technical Solutions, L.L.C.
342 Marpan Lane
Tallahassee, FL 32305
FL0000207449

Type of Incident: Fire

Date and Time of Incident: February 20th, 2008 approx. time 7:40am (eastern)

Name and Quantity of Material: There was no material released.

Injuries: None

Potential or Actual Hazard to Human Health or Environment: None.

Quantity and Disposition of Materials: There was no resulting material to clean up from this incident.

Narrative: At approximately 7:40am the operator of the processing equipment noticed smoke coming from the control panel. Upon notification and donning of PPE facility staff members discovered a small electrical fire in the control panel of the equipment. This was the result of a small piece of metal jamming the crusher unit and backing it up, the motor continued to run. The

overload sensor on the system failed for reasons unknown at this time. All electrical power was cut to the panel and the resulting electrical fire was immediately put out using the fire extinguisher located in the processing room.

Contingency Plan Amendments: A review of the Contingency Plan was completed and the specific incidences of the spill were reviewed. Veolia determined that amendments to the facility's contingency plan are not necessary.

If you have any questions please call me at 850-877-8299.

Sincerely,

VEOLIA ES TECHNICAL SOLUTIONS, L.L.C.

Linda Dunwoody
