Re: Florida Hazardous Waste Transporter Approval

Dear Ann Wortman:

Your Florida Hazardous Waste Transporter Approval Certificate is enclosed. The terms and conditions of approval are specified in Sections 62-730.170 and 62-730.171, Florida Administrative Code(FAC), a copy of which is enclosed for your reference. Please note the following.

- You must demonstrate proof of liability coverage on an annual basis, even if your insurance policy is issued on a multi-year basis. If no changes in status or insurance coverage have occured, you can meet this requirement by submitting a certificate of liability coverage form along with the two copies of the Hazardous Waste Transporter Status Form, copies of which are available upon request from the Department of Environmental Protection.
- 2. A copy of your insurance policy, together with any endorsements, must be maintained at your principal place of business.
- 3. Your insurer can not terminate your coverage until 30 days after filing written notice with DEP, by Certified mail, that your policy has expired or has been canceled.
- 4. Any changes to the information specified on your approval certificate will render it null and void. It is your responsibility to advise DEP of any changes in liability coverage or status.
- 5. A copy of Hazardous Waste Transporter Status Form, complete with the Department approval shall be carried in each vehicle transporting hazardous waste for the transportation company.

Ann Wortman September 03, 2008 Page Two

If you intend to operate a hazardous waste transfer facility, you must submit a Transfer Facility Notification Form 30 days before you use the facility as a storage location. If you are currently operating a transfer facility, you must maintain records of incoming and outgoing hazardous waste shipments. These records must include generator names and manifest numbers, and unless otherwise approved by DEP, must be maintained at the transfer facility. You need to be aware that the 1998 Florida Legislature adopted a new bill for transfer facilities. At the present time the Department is drafting new language for 62-730.171 to meet the criteria set forth in the legislation.

If you have any questions, please contact me at 850/245-8755.

Sincerely,

Richard Neves
