DATE: July 11, 2019

SUBJECT: Inflation Adjusting Cost Estimates for Escrow Account Users

It is time for owners and operators of solid waste management facilities using a landfill management escrow account to inflation adjust facility closure cost estimates. If you have already submitted your cost estimate update for 2019, please disregard this notice.

Pursuant to Rule 62-701.630(4)(a), Florida Administrative Code, cost estimate adjustments must be made every year* between July 1 and September 1. The new inflation-factor is **1.022**.

The cost estimate form is available online and at DEP Offices:

- Form 62-701.900(28) – direct link to the Closure Cost Estimating Form
- Solid Waste website form page – has links to the Closure Cost Estimating Form and other solid waste forms
- https://floridadep.gov/waste/permitting-compliance-assistance/content/solid-waste-cost-estimates – has links to the Closure Cost Estimating Form and has additional info about Closure Cost Estimating

Remember, if you are adjusting your estimate using the current inflation factor (**1.022**), submit only the first two pages of Form 62-701.900(28).

Please submit updated cost estimates to the appropriate permitting office for review and approval, with an e-mailed copy to Financial.Assurance.Working.Group@Floridadep.gov.

Contact your permitting office for further assistance with cost estimates. If you have questions about your escrow account, please contact:

Tor Bejnar at (850) 245-8743 for South, Southeast, and Southwest District facilities

Susan Eldredge at (850) 245-8740 for Central, Northeast and Northwest District facilities
