Re: Florida Hazardous Waste Transporter Approval

Dear Jan Barnes:

Your Florida Hazardous Waste Transporter Approval Certificate is enclosed. The terms and conditions of approval are specified in Sections 62-730.170 and 62-730.171, Florida Administrative Code(FAC), a copy of which is enclosed for your reference. Please note the following.

1. You must demonstrate proof of liability coverage on an annual basis, even if your insurance policy is issued on a multi-year basis. If no changes in status or insurance coverage have occurred, you can meet this requirement by submitting a certificate of liability coverage form along with the two copies of the Hazardous Waste Transporter Status Form, copies of which are available upon request from the Department of Environmental Protection.
2. A copy of your insurance policy, together with any endorsements, must be maintained at your principal place of business.
3. Your insurer can not terminate your coverage until 30 days after filing written notice with DEP, by Certified mail, that your policy has expired or has been canceled.
4. Any changes to the information specified on your approval certificate will render it null and void. It is your responsibility to advise DEP of any changes in liability coverage or status.
5. A copy of Hazardous Waste Transporter Status Form, complete with the Department approval shall be carried in each vehicle transporting hazardous waste for the transportation company.

Jan Barnes

Page Two

If you intend to operate a hazardous waste transfer facility, you must submit a Transfer Facility Form [Form 62-730.900(6)]. Notification also must include a contingency and emergency plan and a facility closure plan in accordance with Rule 62-730.171(3)(a), F.A.C. The owner or operator must also demonstrate to the satisfaction of the Department that the location complies with the relevant siting requirements listed in section 403.7211(2) Florida Statutes (F.S) before the location is used as a transfer facility.

If you are currently operating an authorized transfer facility, you must maintain records of incoming and outgoing hazardous waste shipments. These records must include generator names and manifest numbers, and, unless otherwise approved by the Department, must be maintained at the transfer facility in accordance with Rule 62-730.171(6), F.A.C.

If you have any questions, please contact me at 850/245-8755.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Neves". The signature is fluid and cursive, with the first name "Richard" being more prominent than the last name "Neves".
