RE: Manifest # 64391-Marlar's Body Shop

Dear Ms. Kramer:

This letter is in response to a telephone conversation with Pasco County Governments Special Services concerning the referenced site. It appears that Perma-Fix of Orlando made an administrative error on the manifest without following proper procedures to correct the error. The transporter copy of the manifest was corrected but the generator's copy was not. The drum that was picked up from the referenced site was a 30-gallon not a 55 gallon drum. An empty 55-gallon drum was dropped off.

Perma-fix of Orlando apologizes for this error and has reinforced to the employees the procedures that are in place so that this does not occur again.

Thank you for your patience and understanding. If you have any questions or concerns please feel free to contact me at 727-417-8815

Thank you

Theresa Bryan
Director of Compliance

Subject: Uniform Hazardous Waste Manifest

Im sending you this email in reference to a discrepancy on manifest document number:64391
The Generators copy showed that the driver "Mike Iannacone" picked up a 55 gallon drum of
waste which is wrong that was in fact a 30 gallon yellow snap lid container, as stated on
the receipt where i was billed for this pickup.

I need you to confirm that in fact this was a 30 gallon container that was picked up and
that the original receipt which the driver later changed is in fact wrong by stating that
he picked up a 55 gallon drum.

I need this information for my files and to also notify D.E.P that there was in fact a
mistake on the manifest.

Any help you can give me on this matter would be greatly appreciated.

Thanks:Jeff Marler
