HAZARDOUS WASTE INSPECTION EXIT INTERVIEW

FACILITY: Vedia Transfer Facility

EPA IDENTIFICATION NUMBER: _____

DATE: 5-16-07 TIME: 4:00

INTERVIEW PARTICIPANTS: Randy Williams, John Johnson, Melissa Wehle

This exit interview is the Department's attempt to advise you early in the process of possible violations of Florida Administrative Code Chapter 62-730, which adopts Title 40 Code of Federal Regulations Parts 260-266 by reference. It is possible that the list of violations noted (checked) is incomplete. After a complete internal file review by the Department an inspection report will be finalized. In most cases, the violations noted by the inspector will not change in the final report, therefore, you are advised to immediately begin correcting these deficiencies noted below. Please also be aware that the Department has signed an enforcement agreement with the U.S. Environmental Protection Agency which calls for the assessment and collection of monetary penalties when violations, such as these, are noted. While your quick response in correcting the violations may not reduce the calculated penalties, continued non-compliance may result in greater penalty liability.
