Re:

2003 Biennial Hazardous Waste Report Corrections

I.D. No.: FLD 981 932 494

Dear Mr. Griffith

I have enclosed a copy of US Liquids Biennial Report, form 8700-13A/B and a CD that contains all the information to complete the report. The waste was received and shipped as US Liquids of Florida, Inc. On February 4, 2004 US Liquids was purchased by The Environmental Quality Company (EQ). All proper documents have been submitted for transfer of permits and name changes. The new name will be EQ Florida, Inc. for future biennial reporting.

Please call me at (813) 623-5302 ext. 235 if you require any further information.

Steve Resendez

ComplianceCoordinator.

Sub: EQ Florida, Inc. Biannual Report Revision

From: Steve Resendez

Compliance & Safety Manager

Dear Mr. Griffith:

I have enclosed a copy of the updated Biannual Report on a CD-Rom. These are revisions to the Biannual Report submitted on 2/17/2004. Also there was a request for explanation of approximately 768.64 tons that were outstanding. After review of our shipping records, we show that 264.95 tons of drums were shipped during the 2003 calendar year for reconditioning. This brings our facility within 10% of our mass balance calculation. If further information is required or if you have any questions please contact me at (813) 623-5302 ext. 235.

RE: USL 2003 Biannual Report

err2.txt (15 KB)

Steve Resendez Compliance Coordinator EQ Florida, Inc.

Mr. Resendez,

Please find attached a list of errors noted in your revised submission of the 2003 Biennial Hazardous Waste Report for EQ Florida / US Liquids. These errors indicate a serious problem in tracking and reporting capabilities. This is the latest in a series of reports received from EQ Florida on a biennial basis indicating failures to maintain satisfactory records of the hazardous waste passing through the EQ Florida facility. As a permitted treatment storage and disposal site, EQ Florida should know what an EPA ID number is and how to use it. Adequate recordkeeping is a requirement of your permit and the rules of RCRA.

The Department expects to see copies of all corrected hazardous waste manifests for the discrepancies indicated in the Report. In addition, please submit a COMPLETELY REVISED report, with all errors corrected, within two weeks of the date of this letter. Please retain all manifests and related materials used in the preparation of this report in anticipation of an audit visit in the near future, we will call and arrange a time for this visit shortly.

Training on the completion of the Biennial Hazardous Waste Report was offered in Tampa on Dec. 16, 2003 and Tallahassee on Dec. 10, 2003. No effort was made by your compliance staff to attend either session. You may find it helpful to use these Department software and training materials in completing the report. Please call if I can assist in expediting your corrected submissions.

Mr. Resendez,

I have received no response to this request for corrections. I talked with Robert Mulholland today, who seemed to be unaware that revisions were requested. Please respond to this e-mail.

HAZARDOUS WASTE

Dear Mr. Griffith:

I have enclosed a copy of the updated Biannual Report on a CD-Rom. These are revisions to the Biannual Report submitted on 2/17/2004. EQ Florida also would like to explain the difference in inbound and outbound waste shipments. The facility brings in large amounts of waste from Household Hazardous waste collection centers. When the waste arrives at the site, EQ Florida consolidates many of the waste into larger containers (bulking) and discards the smaller containers into a non-hazardous incinerator or landfill according to the waste stream that produces these RCRA empty containers. EQ also crushes paint cans and aerosol cans that when the contents of the container are removed they are considered RCRA empty. Therefore the difference in the inbound and outbound waste is over 10%. EQ Florida disposes of all waste accordingly and in a manner that is compliant with all state and federal regulations. If further information is required or if you have any questions please contact me at (813) 623-5302 ext. 235.
