RECEIVED  
RCRA

OCT 19 2000

Hazardous Waste Regulation

Dear Mr. Kington:

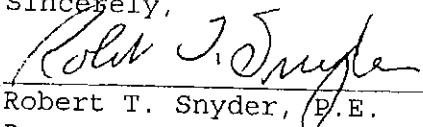

The Department has reviewed your submittal, dated September 26, 2000, regarding the revised closure cost estimates and revision of the financial requirements for your facility.

The information submitted was reviewed and found to be reasonable and the updated information has been incorporated into the permit application.

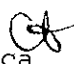

The Department has no issues regarding the reduction in the overall closure cost estimate by approximately \$28,000, due to related changes involving the removal of the PPU unit, as outlined in your submittal.

Please do not hesitate to contact Chris Aoussat, at (407) 893-3323 if you should have any questions regarding this matter.

Sincerely,

  
Robert T. Snyder, P.E.  
Program Manager
