Dear Mr Bahr

This letter is being submitted to request the withdrawal of our request for the transferal of the mercury reclamation facility permit for the above referenced facility

When originally submitted, it was anticipated that the transferal of ownership would occur on or about July 1, 2004. This transfer was then delayed until August 1, 2004. Based on information from our parent company, the transfer will not take place until December 31, 2004. As such we are requesting the withdrawal of our original request for transfer and will resubmit the request in October 2004.

If you have any questions or need additional information please call me 262-243-8908

Sincerely,

Phillip Ditter, CHMM
EH&S Manager
