Seminole County – HW
Photographic Waste Control
Storage of Ignitable Waste

Dear Mr. Ahmadi:

The Department has reviewed the schematic of your facility provided in your letter dated December 27, 2004. Based on the information provided, the area demarcated as the ignitable waste storage area in your schematic is acceptable for up to 10-day storage of ignitable waste in accordance with 40 CFR 265.176. You may not store ignitable waste outside of the area indicated on the schematic. If the physical conditions within 15 meters of your ignitable waste storage area change you will need to contact the Department immediately to discuss your storage options.

If you have any questions please contact me at (407) 893-3323.

Sincerely,

Lu Burson
Environmental Manager
