RE: Ring Power Corporation Warning Letter No. WL95-0519HW0INED

Tallahassee

Dear Mr. Sykes:

Lake City

I am in receipt of your warning letter dated March 3, 1995, with regard to a compliance inspection conducted by DEP at our Gainesville Facility on January 25, 1995. Under the heading Summary of Violations, all of the items mentioned have been addressed and corrected as of this date.

Perry

1. 40 CFR 262.11 Hazardous Waste Determination
 Our Anti-Freeze has been tested by an approved lab, and the results indicate that the product does not fall into the hazardous waste category. A copy of the lab report is enclosed.

Gainesville

2. 40 CFR 262.34 (d) (5) (ii) Modified Contingency Plan
 All of the names of the Emergency personnel have been posted in the facility, and Mr. Fairchild has mailed you a copy of the drawing.

3. 40 CFR 265.37 Arrangements with Local Authorities
 Registered letters have been sent to all of the local emergency authorities, and you will receive copies of the receipts in your mail.

Thank you for your consideration in these matters. If I may be of further service, please contact me at (904) 737-7730, Extension 313.

Sincerely,

Robert I. Wallace
