Emergency EPA ID Waste Disposal Discrepancy

Dear Mr. Ahmadi:

A request for an emergency EPA identification number was received on November 23, 2010 for Pro-Chem/abandoned generator, located at 1340 W Central Blvd., Orlando. In the request was a list of EPA waste codes with corresponding amounts of waste. Manifests were received on December 10, 2010 documenting removal of wastes from Pro-Chem/abandoned generator. Discrepancies were noted between the emergency EPA identification number application and the manifests:

Wastes Listed on Application

F002, F039: Approx. 110 gallons

D001, F003, F005: Approx. 1100 gallons

D001 (aerosols): Approx. 300 pounds

D002: Approx. 165 gallons

Wastes on Manifests

F002, D039: 110 gallons

D001, F003, F005: 1430 gallons

D001, F003, F005 (aerosols): 600 pounds

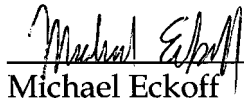

D002: 100 gallons

Please be aware, when discrepancies, incorrect amounts of waste, occur between the information provided on the application and the actual wastes manifested, the Department shall be notified as required in 62-730.161(4)(c), Florida Administrative Code (F.A.C.). In

addition, shipping hazardous waste not listed on the application is a violation per 62-730.161(4)(b), F.A.C.

Please make every effort to complete emergency EPA identification number applications accurately and notify the Department when appropriate per 62-730.161, F.A.C. Failure to do so may result in an enforcement action against the generator of the waste. If you have any questions you may contact me at (407)893-3323 or electronically at michael.eckoff@dep.state.fl.us.

Sincerely,
