06/08/2011

Tracy DePaola
Aerc Com Inc
4317 Fortune Pl
W Melbourne, FL 32904-1509

The Florida Department of Environmental Protection has reviewed your application for registration as a transporter or handler for universal waste lamps and devices destined for recycling. Based on the information received, the facility located at 4317 Fortune PI Ste J, West Melbourne, FL 32904-1509 has been registered through March 1, 2012 with the following status:

Facility ID # **FLD984262782** 

Transporter of Universal Waste Lamps and Devices
Transfer Facility for Universal Waste Devices
Large Quantity Handler Facility for Universal Waste Lamps and Devices

The registration form for the year **2012** will be sent to the contact person on your application.

Chapter 62-737, Florida Administrative Code (F.A.C.), (copy enclosed) specifies several other requirements including packaging, training and record keeping for transporters and handlers of and reverse distribution programs for universal waste lamps or devices destined for recycling. These requirements are simple, flexible and make good business and environmental sense (summarized on enclosed fact sheets).

This registration does not allow you to transport or handle universal waste lamps or devices which are destined for landfill or other disposal. The transportation or handling of universal waste lamps or devices destined for disposal is subject to our hazardous waste management regulations under Chapter 62-730, F.A.C.

If any of your facility's information on the Universal Waste Lamp and Device Transporter and Handler Registration Form changes, please notify me at Mail Stop 4555 at the address above. I can also be contacted at (850) 245-8759 or at <a href="mailto:Laurie.Tenace@dep.state.fl.us">Laurie.Tenace@dep.state.fl.us</a>.

Sincerely,

Laurie Tenace

**Environmental Specialist**

				Petroleum Contact Water (PCW) Handler [Chapter 62-740, F.A.C.]  Note: A water facility permit may be required for this activity.				
10. Waste Codes for Federally Regulated Hazardous Wastes: List the waste codes of the Federal hazardous wastes handled at your facility. List them in the order they are presented in the regulations (e.g., D001, D003, F007, U112). Hazardous waste transporters list codes routinely or usually transported. Use an additional page if more spaces are needed.
