Re: Solid Waste Permit

Dear Mr. Peluso:

With reference to your request for information regarding "Solid Waste" permitting at our facility, please note the following.

P.M.I. is not interested in pursuing a "Solid Waste Permit". Our activities related to R.C.R.A. Non-Hazardous Solids consists of consolidation of some drums of these materials in a "Roll Off" container. "Used Oil Filters" are shipped to a permitted foundry and some drums of materials are shipped to permitted facilities chosen by our client.

Should any other questions arise, please call at (954) 581-4455.

Sincerely,

Judd Gilbert
President
