**Subject:** RE: SK Medley draft permit

Merlin,

I have reviewed the draft permit and have one comment. On page 18 of 49 #7 a. "The permittee is liable for waste profiles supplied to generators". The Department had agreed to remove this language during the 2011 permit renewal of Safety-Kleen's Tampa facility. In addition this language was not inserted into the 2012 permit for Safety-Kleen's Boynton Beach facility. Other than this item the draft looks good to me.

Thanks,

**Jeff Curtis** EHS Manager | Safety-Kleen | A Clean Harbors Company | Boynton Beach, FL | [jeff.curtis@safety-kleen.com](mailto:jeff.curtis@safety-kleen.com)

Jeff,

Attached is a courtesy copy of the draft permit for you to look over. You will notice that we inserted the SRCO language into the permit so once the permit is public noticed, it will serve to PN the SRCO also.

Once we receive your comments, we intend to go with the Intent to Issue. Although I am not suggesting a deadline, the sooner the better. Call if you have any questions or wish to discuss.
