Mr. Steve Obst, President
Raider Environmental Services, Inc. Opa Locka Facility
4103 NW 132nd Street
Opa Locka, Florida 33054

SUBJECT: Raider Environmental Services, Inc. - Opa Locka Facility
EPA ID Number: FLR 000 143 891
Operating Permit Numbers: 284932-HO-003; 284932-SO-002
Miami-Dade County

Dear Mr. Obst:

Enclosed are modifications to Permit Numbers 284932-HO-003 and 284932-SO-002, issued to Raider Environmental Services, Inc. pursuant to Section 403.815, Florida Statutes (F.S.), and Chapters 62-4, 62-701, 62-710 and 62-740, Florida Administrative Code (F.A.C.). These pages are to replace the pages of your current permit and to be kept on file.

This permit modification is final and effective on the date filed with the Clerk of the Department. When the permit modification is final, any party to the permit has the right to seek judicial review of the permit pursuant to Section 120.68, F.S., by the filing of a Notice to Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, MS #35, Tallahassee, Florida 32399-3000; and by filing a copy of the Notice of Appeal accompanied by applicable filing fees with the appropriate District Court of Appeal.

The notice of Appeal must be filed within thirty (30) days from the date the final permit is issued. If you have any questions, please contact Bheem Kothur at (850) 245-8781 or via e-mail: bheem.kothur@dep.state.fl.us.

PERMITTEE:

Raider Environmental Services, Inc.
4103 NW 132nd Street
Opa Locka, FL 33054

Attention:
Mr. Steve Obst, President

I.D. Number: FLR 000 143 891
Permit Number: 284932-HO-003 and 284932-SO-002
Date of Issue: April 1, 2013
Expiration Date: October 13, 2013
County: Miami-Dade
Lat/Long: 25°53' 38" N/80° 15' 59" W

Project: Used Oil and Material Processing Facility

This permit is issued under the provisions of Section 403 of the Florida Statutes (F.S.), Chapters 62-4, 62-160, 62-701, 62-710, 62-730, 62-740, 62-762 and 62-770 of Florida Administrative Code (F.A.C.), and 40 Code of Federal Regulations (CFR) Part 279. The above named Permittee is hereby authorized to perform the work or operate the facility shown on the application dated December 7, 2007 and revised April 7, 2008, July 17, 2008, and September 11, 2008 along with the modification application of January 2, 2013, and revised or supplemented by submissions dated January 16, 2013, February 1, 2013, February 7, and February 8, 2013 that are incorporated herein and collectively referred to as the "permit application". The permit application also includes any approved closure cost estimates, approved drawing(s), plans, and other documents attached hereto or on file with the Department and made a part hereto. The facility is specifically authorized and described as follows:

To operate a Used Oil and Material Processing Facility hereinafter referred to as the "Facility". The Used Oil and Material Processing Facility is located on an approximately 1.55-acre parcel of land owned by Raider Environmental Services, Inc. in Miami-Dade County at 4103 NW 132nd Street, FL, 33054. Diagrams of the site layout and tank storage area are included as Attachment A of this permit. Tank capacity and contents are shown in Attachment – B (Tank Table) of this permit.

The facility is authorized to process used oil, oily wastewater, petroleum contact water, oily solid waste, and used oil filters, Non-Hazardous Wastewater and used absorbents under this permit. The facility is also permitted to market Used Oil.

In accordance with Solid Waste permit No. 284932-SO-002, the Permittee is authorized to process solid waste including non-hazardous sludge in the tanks and equipment listed in Appendix B of the permit application.

The Facility consists of a total of eleven (11) tanks with a total capacity of 257,000 gallons. Five (5) 35,000 gallon tanks are dedicated to used oil (UO), one (1) 25,000 gallon tank is dedicated to Petroleum Contact Water (PCW) and five (5) tanks are dedicated to used oil processing with capacity varying from 3,000- to 27,000-gallons. These tanks are constructed with carbon steel and placed in a concrete secondary containment structure that is sealed and impervious to petroleum products. All tanks are shown on the drawing in Attachment A of this permit.

The following documents were used in preparation of this permit:

1. Used Oil Processing Facility Permit Application Dated December 7, 2007.
2. Subsequent Submittal received on April 7, 2008 in response to Notice of Deficiency.
3. Solid Waste Processing Facility Permit Application received on July 17, 2008.
4. Site Map and Tank Log dated September 11, 2008.
5. Used Oil Processing Facility Permit Application for Major Permit Modification Dated December 1, 2012 and DEP Received on December 13, 2012.
6. Additional Information and Modifications To The Major Permit Modification Dated January 16, 2013 and DEP Received on January 18, 2013.
7. As-Built Drawings and Revised Tank Table Dated February 1, 2013, and DEP Received on February 7, 2013.
8. Revised Closure Cost Estimates Dated February 7, 2013 and DEP Received and Approved on February 8, 2013.
