Merlin,

Per our telephone conversation this morning I have two comments:

1. Page 15 of 38, Part II Subpart A, 5. a.: The Permittee is liable for waste profiles supplied to generators. The Department had previously agreed to remove this language from SK permits.
2. Page 17 of 38, 12. b.: copies of the CP must be submitted to the authorities/facilities in Condition II.A.11.c- Authorities/facilities include local fire and police departments, sheriff's office, state police, hospitals, ambulance services and emergency medical technicians, and state and local emergency response centers. We would suggest listing authorities/facilities that are listed in the Part B such as the Clay County Sheriff, Clay County Fire Rescue, Orange Park Medical Center to make it more specific regarding who we are required to submit the plan to.

Thanks,

Jeff,

Attached is the draft operating permit. Please provide comments no later than next Friday (November 8). As soon as we hear from you, we'll go with the Intent. Also, I'd ask that you not wait 30 days to public notice. I would appreciate it if you did so sooner. Thanks.
