Mr. Ashwin Patel
State of Florida
Dept. of Environmental Regulation
3426 Bills Road
Jacksonville, FL 32207

Dear Mr. Patel:

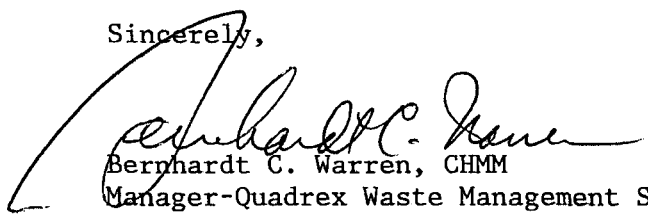

As follow-up to the 3/21/88 meeting between Ashwin Patel and Jane Mears of the DER and Jack Flaacke of Quadrex, we are providing the following additional information.

Of the 50,000 gallons authorized for the container storage area, Quadrex intends to allocate an amount not to exceed 12,500 gallons to the newly covered area identified as Zone 3 in the TOP Application. The balance of 37,500 gallons is allocated to Zones 1 & 2 and will be defined when these areas are covered and bermed.

With the completion of Zone 3, it is understood that all bulk containers are stored in this area and containers in Zones 1 & 2 will be overpacked.

We appreciate the opportunity to discuss this matter with you.

Sincerely,

Bernhardt C. Warren, CHMM
Manager-Quadrex Waste Management Services
