Subject: Safety-Kleen Systems, Inc. (Tampa) FLD 980 847 271, Operating Permit No. 34744-HO-007, *Natural Attenuation Monitoring Report #5* dated November 14, 2013

Dear Mr. Curtis:

Your report is acceptable.

Your February 6, 2012 Septic System Plan/Report indicated that Safety Kleen's long-term solution was to connect to the municipal sewer system by May 2012. Your latest e-mail, dated November 19, 2013, indicated that construction should begin on December 2, 2013 and will last for about two and one-half weeks, weather permitting.

Also, Rick Stebnisky clarified that "MW-7" (on Table 2 of report) was actually an arbitrary ID for a blind equipment blank (noted on page 1 in Attachment 1), and it probably should not have been listed in Table 2.

Your next groundwater sampling must be performed in January 2014.

If you have any questions, please call me at 850-245-8796 or e-mail me at merlin.russell@dep.state.fl.us

Sincerely,

Merlin D. Russell Jr.
