RE: Warning Notice No. WN89-0133HW10NED - Orange Park

Dear Ms. Valade:

The above-mentioned Warning Notice was received December 28, 1989 by our corporate office and forwarded to me January 3, 1990. I would like to address the deficiencies that you observed in your inspection on November 9, 1989.

1. Additional building to be used for transfer facility. Ellen Jurczak is putting together a new transfer notification form and Closure Plan for the new building. The building will not be used until approval from your agency is granted.
2. "No Smoking" sign. A "No Smoking" sign has been posted at the loading/unloading area of the tank farm. In addition, "No Smoking" has been stencilled onto both tanks.

Please contact me at (404) 840-9828 if I can be of further assistance.

Sincerely,

Joseph Hartline
Regional Environmental Engineer
