Subject: RE: Contingency Plan Update

Kurt,

The updates are fine. Go ahead and distribute to your list of agencies.

Subject: Contingency Plan Update

Please see the attached contingency plan revision for Perma-Fix of Florida. Please let me know if you have any comments – I have yet to distribute it to response agencies. I have updated emergency equipment maps with locations of the new shower and eyewash combination installations. I have updated the contact information for the primary emergency coordinator as well.

Thanks,
Kurt
