The Florida Department of Environmental Protection has reviewed your application for registration as a transporter or handler for universal waste lamps and devices destined for recycling. Based on the information received, the facility located at **342 Marpan Ln, Tallahassee, FL 32305-904** has been registered through **March 1, 2015** with the following status:

Facility ID # **FL0000207449**
Transporter of Universal Waste Lamps and Devices
Transfer Facility for Universal Waste Lamps
Transfer Facility for Universal Waste Devices
Large Quantity Handler Facility for Universal Waste Lamps and Devices

The registration form for the year **2015** will be sent to the contact person on your application.

Chapter 62-737, Florida Administrative Code (F.A.C.), (copy enclosed) specifies several other requirements including packaging, training and record keeping for transporters and handlers of universal waste lamps or devices destined for recycling. These requirements are simple, flexible and make good business and environmental sense (summarized on enclosed fact sheets).

This registration does not allow you to transport or handle universal waste lamps or devices which are destined for landfill or other disposal. The transportation or handling of universal waste lamps or devices destined for disposal is subject to our hazardous waste management regulations under Chapter 62-730, F.A.C.

If any of your facility's information on the Universal Waste Lamp and Device Transporter and Handler Registration Form changes, please notify by sending an updated form 8700-12FL(Florida Notification of Regulated Waste Activity) to the address on the form which can be found at <http://www.dep.state.fl.us/waste/categories/mercury/pages/registration.htm>.
