III. ESTIMATE ADJUSTMENT: (check and use either box a or b, below)

Rule 62-710.800(6)(c), Florida Administrative Code, sets forth the method of annual cost estimate adjustment. Cost estimates may be adjusted by using an inflation factor or by recalculating the maximum costs of closing in current dollars. Estimates are due annually between January 1 and March 1. Select one of the methods of cost estimate adjustment below.

(a) Inflation Factor Adjustment

Inflation adjustment using an inflation factor may only be made when a Department approved closing cost estimate exists and no changes have occurred in the facility operation which would necessitate modification to the closure plan. The inflation factor is derived from the most recent Implicit Price Deflator for Gross National Product published by the U.S. Department of Commerce in its survey of Current Business. The inflation factor is the result of dividing the latest published annual Deflator by the Deflator for the previous year. The inflation factor may also be obtained from the Solid Waste Financial Coordinator at (850) 245-8732 or be found online at <http://www.dep.state.fl.us/waste/categories/swfr/>

This adjustment is based on the Department approved closing cost estimate dated: 5/31/2013

370,260.00 x 1.017 = 376,555.00

Tallahassee, FL 32399-2400

Hello Yuri,

I have received, reviewed and approved the above attached closure cost estimate for an amount of \$376,555.00 for the year 2014.

Please contact Susan Eldredge at 850-245-8740 or e-mail: susan.eldredge@dep.state.fl.us,
To update letter of credit to comply with the approved amount by on or before May 1, 2014.

If you have any questions, please let me know.

Sincerely,

Bheem R. Kothur, P.E., DEE
