Subject: Guidance for RCRA Subtitle C Permit Writers and Permittees
Date: Thursday, February 16, 2012 9:19:00 AM

Kurt,

This is something we reviewed and offered comments to EPA. EPA announced the availability of a guidance document entitled *Hazardous Waste Treatment, Storage, and Disposal Facilities (TSDF) Regulations: A User-Friendly Reference Document for RCRA Subtitle C Permit Writers and Permittees*. The document consolidates and streamlines the TSDF requirements into a reference tool that features a user-friendly format, including hyperlinked references to the regulations in addition to frequently asked questions, letters, memoranda, and guidance documents that the agency has provided to the public through the years. The document is designed to be web-based, so its usefulness is maximized when it is viewed on a computer that is connected to the Internet. It can be accessed at <http://www.epa.gov/osw/hazard/tsd/permit/tsd-regs/tsdf-ref-doc.pdf>.

In the monthly national permitting teleconferences that I sit in on, the intent is to update this annually.
