RE: World Petroleum repairs ; Facility S.D: FLD 980 709 075
permitting application related

Dear Mr. Kothur:

I certify that the repairs required by the Department to the tank grounding system and painting and bolt replacement at the World Petroleum Davie Used Oil Processing facility were completed to appropriate industry and engineering standards under my direction.

If you need any additional information, please advise.

Sincerely,

John M. Jones, P.E.
