---

Jeff,

You may have an additional 30 days (due Nov. 24) although I'd appreciate it if the application came in sooner. Please do what you can to move this along. Thank you.

Hello Merlin,

Yes we are experiencing some cooler weather, but probably not as cool as you guys are. Anyway, it's a welcome change that I look forward to all summer long.

The revisions are coming along well. I was going to send you a note next week asking for additional time to complete everything as I'm waiting on figure updates from ERM. I would request an additional 30 days to respond to the Department's Request for Additional Information for Permit Application, dated September 24, 2014. I anticipate having it completed before then. Let me know if that is agreeable to you. Hope you had a great weekend (I know you're normally out of the office by this time in the afternoon).

Thank you, Jeff

Good Morning Jeff,

Don't know if you have experienced the cooler, fall-like temperatures yet but if not, they are on their way. I had to go through the long-sleeved shirt section of my closet this morning.

I'm just checking in to see how the revisions are coming. I know you have been through the drill before but if you need some extra time, let me know. Remember that we will need an electronic copy of your complete application this time.
