All hazardous waste and used oil will be transported using Heritage-Crystal Clean's national transporter EPA ID number ILR000130062. In addition all "on-spec" fuel oil will be marketed under the same EPA ID number ILR000130062. All 10 day transfer activity will involve "trailer to trailer" transfer of waste containers (drums). Heritage-Crystal Clean uses small box trucks to collect waste containers from customers. Those containers will then be transferred into larger (18 wheeler) box trailer. The large trailer will then be delivered to TSD.
