Gerry - I found a reference on Harley Marine New York's web site to the HMS 2607. I'm not sure why there is a discrepancy on the owner name on the Coast Guard Vessel Documentation web search, unless Harley /Harsco are parent and subsidiary. Harsco is not mentioned on the HarleyMarine.com web site as an HMS company.

In any event, Harley Marine New York does have an EPA ID number as a used oil transporter, NYR000207274. However I still need the other information I requested in my earlier email this morning when you get back from vacation.

Thanks
